Peet's Coffee™

## Enjoy Good Coffee and Great Conversation

Since Alfred Peet opened the doors to his first coffee shop over fifty years ago, we've been dedicated to crafting the perfect cup. This endeavor shapes every step of our process, from partnering with farmers to roasting by hand.

## Cafe' Mocha

A true indulgence. Our vibrant shots of espressos are treated with decadent chocolate and blended together with perfectly steamed milk. For the finale we top our luxurious latté with a soft blanket of fresh whipped cream. Treat yourself to the true taste of luxury today.

## Cappuccino

Keeping the Italian artisan traditional alive we hand pull all of our espresso and marry them with steamed milk. We then top our masterpiece with sweet delicate foam, providing a smooth velvety finish. Once sip and you will taste our dedication to heritage.

## Café Latte

Meaning “milk” in Italian our café latté is made of the perfect combination of milk and espresso. Warm milk complements our espressos complex flavors and aromas while forming a drink both soft, lively, and encouraging. Once a classic, always a classic.
