

We support
Local Farms

Calvin Dining is committed to sourcing food as locally as possible.

How do we do it...

- Work with local farms to strengthen our supply chain.
- Partner with farms that align with healthy eating patterns.
- Build relationships within our community.
- Support local businesses.

We Support Local Farms

Crisp Country Acres, located in Holland Michigan, provides us with high-quality, good-tasting, locally raised produce.

They believe farming is not just a job, it's a way of life, and their passion.

What we like most about our partnership is that they enjoy planting the crops, watching them grow, harvesting and then bringing them to our campus so our community can enjoy.
