From the CALL President

Classes have begun, Anonymous Bosch has spoken (or at least his friend James Vanden Bosch showed up at the Noon Time Series to talk for and about him), the annual trek to Stratford has taken place (and CALL members have seen "As You Like It" and "Hello Dolly"), the "Back Roads Tour of Indiana Amish Country" is imminent, the travelogue to "Canada's Incredible Parks" will also be here soon, and CALL members have been enthusiastic about the wonderful deal they have signed up for at the MVP Sportsplex this fall.

I am constantly amazed at the fabulous variety of activities that CALL sponsors, and truly grateful for all the volunteer committee work that goes into the planning of these events. Your response to these programs indicates the level of support from you, the membership, and I am thankful for the enthusiasm, which the membership shows for all of these opportunities. Even though many activities have begun, it is not too late to sign up for the events still to come.

Once again membership has surpassed what it was a year before, and course enrollments are at an all-time high. The Board is committed to providing an expanding range of activities for this growing membership, but we always appreciate your suggestions for the types of events that you would like to see offered. Let us hear from you.

Roger Griffioen
