INSURANCE/INJURY POLICIES

The college is not liable for injuries sustained by students in camp programs even though such injuries occur on college premises, in sport classes, or in competition. The college does not undertake to be the insurer of its students and its liability under the law must be based on fault. It is necessary, in order to establish the liability of the college for such injuries, not only to prove negligence or carelessness on the part of the college, but also to show that the student was free from any negligence or carelessness which might have contributed to the injuries. Accordingly, students and parents are advised to be certain that there is coverage by personal or family health and accident insurance.
