Verification Form for Psychiatric Disabilities
Calvin College

Services to students with disabilities, as part of the Office of Academic Services (OAS) strives to ensure that qualified students with psychiatric disabilities are accommodated and if possible that these accommodations do not jeopardize successful therapeutic interventions. The office does not modify requirements that are essential to the program of instruction or provide accommodations for persons whose impairments do not substantially limit one or more major life function.

Calvin College is required by Section 504 of the Rehabilitation Act and the Americans with Disabilities Act to provide effective services for qualified students with documented disabilities if such accommodations are needed to provide equitable access to the College programs and services. Federal law defines a disability as “a physical or mental impairment that substantially limits one or more major life activities.” Major life activities are defined as the ability to perform functions such as walking, seeing, hearing, speaking, breathing, learning, working, or taking care of oneself. It is important to note that a mental disorder in and of itself does not necessarily constitute a disability. The degree of impairment must be significant enough to “substantially limit” one or more major life activities.

This form is designed to allow us to achieve these goals. Students who wish to receive academic adjustments due to a psychiatric disability need to have this form filled out by a psychiatrist, licensed psychologist, certified social worker (CSW or ACSW) or licensed professional counselor. The professional completing this form must have first hand knowledge of the student’s condition, and must be an impartial professional who is not related to the student. If the student has had a psychological evaluation, please provide a copy of that as well.
