

Help us be healthier!

Take the 150th Anniversary Survey!

The Christian Reformed Church as a denomination is focusing our attention on the health of local churches. One important tool is the 150th Anniversary Survey, which is continuing into early 2008. Over 1,200 people have already participated, and many have commented that the survey was a thought-provoking source of blessing and challenge! Please include your experience of Christ and church in the survey!

Who should respond?

Everyone! Members, nonmembers, adults, youth and senior citizens.

What is it about?

How healthy is our congregation, spiritually and otherwise? How healthy is the CRC denomination? How can we be healthier?

How long will it take?

Just 20 to 45 minutes! Over 300 people have finished in under 30.

Who's going to know?

The survey is *completely anonymous* for individuals, and congregational summaries will be confidential. A denomination-wide report of totals, averages and trends will be public in time for Synod 2008.

How do I do it?

Take this flyer to an Internet-connected computer and type this address into the web browser's **address bar** (not the "search" box):

<http://www.calvin.edu/go/crcsurvey>

What if the Internet doesn't work for me?

Your response is very important. Please ask for help from family, friends or your church leadership. Visit a library or a friend's home to complete the survey!

What if I have more questions?

Visit the survey's welcome page for more information, or contact CSR at 616 526-6420 or csr@calvin.edu!
