### Areas Where Applicable

Athletic Locker Rooms

### Preparation of the Area

Make sure to have all products/materials on hand and ready to use. Fill Kaivac tank with water and check chemicals.

### Procedure

1. Check trash, paper products, feminine product boxes, and soap products.
2. The inside of the toilet bowls only needs to be scrubbed with restroom cleaner if there is mineral deposit build up or if the Kaivac is unavailable.
3. Set up your Kaivac machine for cleaning.
4. Begin by applying low pressure water and cleaner onto and into toilets, urinals, shower and floors.
5. Rinse toilets, urinals and floor with high pressure water.
6. Wet vacuum locker room floors from front to back.
7. Wrap up all hoses and cords back onto the Kaivac machine.
8. Clean sinks, counters, mirrors with disinfectant cleaner and glass cleaner.
