To the Parent/Guardian completing this form:

The Entrada Scholars Program is designed to introduce high school juniors and seniors to the college experience. It is intended for ethnic and racial minority groups typically under-represented in higher education, including African American, Native American, Asian American, Hispanic or Latino American students. This application is for students who are enrolled in the 11th grade, have a cumulative academic grade point average of 3.0 and have followed a college preparatory course of study.

Entrada is a selective experience. Submitting an application does not guarantee admittance to the program.

To be completed by a parent/guardian:

Entrada is a unique experience, providing high school students the opportunity to both take a college course for credit and to live on campus while taking the course. In order to make Entrada the best experience possible for students we have created some very necessary guidelines which, ultimately, are for the benefit of both the student and parents. These include:

- 1. NO VISITORS**—Families and friends of potential applicants need to understand that students may not receive outside visitors during the program (except for the family orientation and graduation).
- 2. NO OUTSIDE OF ENTRADA ACTIVITIES**—Families and friends of potential applicants must be clear on this point: no outside activities, including weddings, family reunions, etc., can be attended if a student chooses to attend Entrada.

By signing this agreement, I _____ agree to adhere to the expectations listed above.
