INTRODUCTION - FROM THE DIRECTOR

Dear Students and Families,

Welcome to Calvin! The Campus Safety Department wishes you the best as you pursue your education here.

Calvin is a great place to work, study and live. Students feel comfortable and at home on the campus, as they should. People care about each other and look out for each other here.

Like other colleges, we take the safety of our students seriously. Through our facilities, educational programs, policies, and officer patrols we do our best to maintain a campus environment that is safe and law-abiding. Yet we also tell students that the best way to promote the security of their property and themselves is through steps they themselves can take - whether through locking doors or paying attention to their surroundings.

We provide this information to familiarize you with some of the services we offer to prevent and respond to unexpected or illegal incidents that may take place. We also provide annual crime statistics in this brochure in compliance with the Clery Act. We want all faculty, staff, students and families to have accurate information about the Grand Rapids area and the college campus so that they can make informed decisions in their daily routines.

Please contact my office if you have questions or concerns about any of this information, and once again, welcome to Calvin!

Sincerely,

Bill Corner, Campus Safety Director

CALVIN COLLEGE - CAMPUS SAFETY DEPARTMENT

The Campus Safety Department coordinates all safety operations on Calvin’s campus. The Department consists of a Director, an Assistant Director, a Dispatch Manager, six Patrol Supervisors, office staff, and approximately 40 part-time student dispatchers and patrol officers.

Student patrol officers receive training in basic campus safety officer procedures, emergency medical procedures, and CPR. Campus Safety patrol officers are unarmed with the exception of select patrol supervisors the Director and Assistant Director, who are armed. They conduct foot and vehicular patrols of the campus and residence hall areas 24 hours a day as well as respond to various calls for service. In addition, escort services are provided every night from dusk to dawn to anyone who requests an escort. Campus Safety patrol persons enforce all college rules and regulations. Jurisdiction of Campus Safety is limited to the main campus property and buildings and does not extend outside the boundaries of the Calvin campus. Under Michigan State Law, Campus Safety officers arrest powers are limited to retail fraud or felonies occurring in their presence.

The Campus Safety Department maintains a good working relationship with local, county, and state police agencies. Personnel and resources are provided by these law enforcement agencies whenever an incident occurs that exceed the capabilities of the Campus Safety Office. Local police are called in for any arrests relating to violations of city or state laws.
Campus Safety does not have a written memorandum of understanding with law enforcement agencies regarding any issues, including the investigation of criminal incidents. An informal cooperation allows for investigations of alleged crimes, emergency response, special event coordination and training, and prevention efforts on campus.

As a practice, local and state police agencies do not inform the college of criminal activity in the vicinity of the college campus. A reasonable attempt is made to be aware of any crimes occurring in the area of the campus that would pose a threat to the college community.

Campus Safety and Residence Life staff enforce the campus-wide ban on possession and use of alcohol and illegal drugs. Possession of dangerous weapons or firearms anywhere on campus, including the residence halls, is a violation of the Student Conduct Code.

SERVICES

A SAFE AND SECURE CAMPUS

The college works to maintain the campus in a manner that reduces the likelihood of crime.

LIGHTING

Calvin College has extensive exterior lighting for the hours of darkness. Problems with exterior lights should be reported immediately to the Campus Safety Dispatch (extension 66452 or 526-6452). During the course of their regular patrols of the campus, Campus Safety officers report malfunctioning lights to the Physical Plant for repair.

LOCKING BUILDINGS

Administrative and academic buildings and offices are locked and unlocked during the week by the custodial staff. The time for locking and unlocking the buildings is established by the Academic Building Access Policy and coordinated with Campus Safety, the Office of Conference and Campus Events, and Building Services. The policy can be found online at http://www.calvin.edu/admin/campus-safety/policies-procedures/academic-building-access-policy.html.

The Campus Safety Office issues workplace keys to faculty and staff, and to contractors as needed. Depending on the level of key access requested, key approval is required by an employee’s supervisor, dean, director, vice-president or the Campus Safety director. The key policy can be found on line at http://www.calvin.edu/directory/policies/key-control/. Requests for additional keys or lock changes must be sent to the Campus Safety Office.

LOCKING RESIDENCE HALLS

Calvin College residence halls are locked 24 hours a day, 7 days a week except for the main entrance to each lobby. Locked doors separate each wing from the lobby. Students are issued ID cards that also act as their building access cards. Students gain entry by swiping their cards in the card access readers. The access system requires resident students to enter a PIN in order to gain after-hours entry to their halls. Access is restricted to residents and other approved members of Calvin’s community. Residents are cautioned against permitting strangers to Campus Safety. Campus Safety officers patrol the residence hall areas on a regular basis.
MAINTENANCE

Facilities are maintained in a manner designed to minimize the potential for hazardous conditions. Reported maintenance problems that pose a threat to safety and security (such as broken locks or windows) are given priority and should be reported to the Campus Safety Dispatch at 616-526-6542.

RESIDENCE LIFE STAFF

Resident Directors are full time non-student staff members living in the halls who supervise the overall operation of the Calvin residential community. They are responsible for enacting Residence Life’s mission within the halls. RDs act as advisors to the RAs and student leaders as well as promote adherence to community expectations. They administrate the staff and services of the reception desk and are available to assist, counsel, and advise individual residents.

Resident Assistants (RAs) are students who live on each floor. They are well acquainted with the facilities and services at Calvin and are trained to help residents navigate college life, enforce College policies, and assist with challenges that may arise.

Residence Life staff members walk each floor of the residence halls three times between 8:00 p.m. and 12:00 a.m. on weekdays and 8:00 p.m. and 2:00 a.m. on weekends. Please see http://www.calvin.edu/housing/housing-options/residence-halls/safety.html for more information.

CRIME PREVENTION

Calvin College Campus Safety Officers patrol the campus buildings and grounds to help ensure a safe environment for students, faculty, staff, and visitors. Additional crime prevention measures include such things as bicycle registration, safety phones, crime prevention programs, escort services, and posting the Clery Public Log.

BICYCLE REGISTRATION

To deter bicycle theft and recover stolen bicycles, mandatory bicycle registration is required through the Campus Safety Office. Registration is free and can be done online at our Campus safety website http://www.calvin.edu/admin/campus-safety/bicycle-information.html.

BLUE SAFETY PHONES

Calvin College has installed safety phones around campus. These exterior phones are marked with a blue light and may be used to report an emergency, crime in progress, or to request assistance.

CRIME PREVENTION PROGRAMS

During Orientation, students are provided with information on how to protect themselves and their personal belongings. On campus students receive a Residence Hall Living booklet which contains a “Safety/Security” section covering safety tips, escorts, card access, theft, bike registration and parking. Resident assistants discuss security issues, the danger of propping exit doors and the importance of reporting suspicious behavior at their all floor meetings held at the beginning of each school year.
New faculty and staff receive information about safety procedures when starting their employment at Calvin. Each year, all faculty, staff, and students are invited to attend a *Shots Fired on Campus* presentation given by Campus Safety. The presentation is also made available throughout the year to individual departments or classes by request.

Emergency Liaisons receive refresher training discussing their roles as a liaison. A quarterly newsletter is sent out to all liaisons which covers safety related issues occurring around campus. Additionally, Campus Safety offers safety tips on its website. These safety tips cover the following topics:

- Building Awareness
- Bicycle Theft
- Textbook Theft
- Protecting Your Vehicle
- Protecting Your Residence
- Crimes against Your Person
- Protecting Yourself in Your Home
- Protecting Yourself in Your Car
- Protecting Yourself at ATMs
- Protecting Yourself When You Are Out
- Protecting Against Sexual Assault
- Protecting Against Stalking

The website link to these resources can be found at [http://www.calvin.edu/offices-services/campus-safety/safety-tips.html](http://www.calvin.edu/offices-services/campus-safety/safety-tips.html)

**ESCORT SERVICE**

To aid in the prevention of criminal behavior, Campus Safety offers an Escort Service for students, faculty, and staff that do not feel comfortable walking alone during the evening hours. The Escort Service runs from dusk until dawn and can be reached by calling the Dispatch line at (616)526-6452.

**CLERY PUBLIC LOG**

The Clery Public Log which lists incident reports is updated within one business day of an incident being reported to Campus Safety. This log is posted each business day at the Campus Safety website at [www.calvin.edu/campus-safety](http://www.calvin.edu/campus-safety). A paper copy is kept on file at the Campus Safety Office and can be viewed upon request at any time.

**EMERGENCY PREPAREDNESS**

As required by federal and state law, Calvin College has a comprehensive emergency operation plan that details immediate response and evacuation procedures including the use of electronic and cellular communication. Calvin College Campus Safety has the responsibility of responding to and summoning the necessary resources to mitigate, investigate and document any situation that may constitute an emergency or dangerous situation.
IMMEDIATE NOTIFICATIONS AND RESPONSE

Calvin College utilizes the Rave Notification System which has been made available to all faculty, staff, and students. After responsible personnel have been made aware of and have made confirmation that a legitimate emergency or dangerous situation exists involving an immediate threat to the health and/or safety of faculty, staff and students on all or part of the Calvin College campus, the Rave Notification System will be activated without delay at the direction of the Director of Campus Safety or their designee. The Director or their designee will take into account the safety of the community, determine the content of the notification and initiate the notification system unless notification will in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Initial confirmation for activating the emergency notification system may occur based upon the direction of local, state or federal emergency management officials, observations of a Campus Safety officer, notification from an emergency liaison, multiple witness telephone calls or an alarm system notification received at dispatch. The goal of the notification is to alert as many people as possible, as rapidly as possible with adequate follow up information as needed.

Localized incidents within a building, such as a small fire or hazardous material spill in a lab most likely will not require a mass notification. In the event of a serious incident that poses an immediate threat to members of the Calvin community, the College has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the Calvin College community. These methods of communication include the use of the Rave Notification System to notify faculty, staff and students. The Rave Immediate Notification System activation will make notifications in the following manner:

- Vocal telephone message
- E-mail
- SMS text message

Faculty, staff, and students are responsible for providing all necessary information to insure a successful message delivery. Calvin College cannot provide communication to those who fail to provide a correct and current phone number and/or email address information.

The message content will contain either pre-scripted brief messages or tailored content developed by the Director of Campus Safety or their designee. The information will be shared to help the public take action for their safety. An “all clear” message or follow up information will be disseminated as appropriate to the Calvin community through vocal telephone messages, emails, or SMS text messages using the Rave Notification System. In addition to sending updates to the College community on the Rave Notification System during a critical incident, the College will post information on the Calvin College website at http://www.calvin.edu. The larger community, including parents, neighbors, and other interested parties can access emergency information through the Calvin website (http://www.calvin.edu) and/or via the media.

The following Calvin College officials shall have authority to activate the Rave Immediate Notification System:

- President
- Vice President for Administration & Finance
- Vice President for Student Life
- Provost
- Campus Safety Director
- Campus Safety Assistant Director
- Campus Safety Dispatch Manager
- Campus Safety Patrol Supervisors
- Dean of Residence Life
- Director of Communications & Marketing
The Rave Immediate Notification System may be used to transmit brief urgent messages as quickly as possible. Immediate notifications may include, but are not limited to:

- Campus Closures
- Weather Warnings (Severe Thunderstorm Warnings & Tornado Watches & Warnings)
- Fire
- Natural gas leaks or hazardous material spills
- Natural disasters affecting the Campus
- Campus wide power outages and/or utility failures
- Violent criminal behavior
- Bomb threats or other imminent violent threats
- Explosions on campus
- Terrorism incidents

Dependent upon the contact information supplied by faculty, staff, and students, notification may be made in the following manners:

- Cell phone
- Home phone
- Business phone
- Calvin College e-mail
- Personal e-mail
- SMS text to cell phone

The Emergency Notification System will be tested on the 1st Friday of each month as close to 12:00 noon as possible. Emergency liaisons in addition to select staff will receive the monthly test notifications. In the event that adverse weather conditions exist on the test day, the test will be delayed until the adverse conditions clear the area to prevent any misinterpretation of the test activation and also keep the Emergency Notification System available in case of a true emergency condition.

The following standard test messages will be sent:

- **Voice**: Monthly Emergency Test
  This is a monthly test of the Calvin College Emergency Notification System. This is only a test. If this were an actual emergency, information and instructions would be included. This test is normally sent on the first Friday of each month.

- **E-mail**: Monthly Emergency Test
  This is a monthly test of the Calvin College Emergency Notification System. This is only a test. If this were an actual emergency, information and instructions would be included. This test is normally sent on the first Friday of each month

- **SMS text message**: 
  This is the monthly test of the Calvin College Emergency Notification System. THIS IS ONLY A TEST!

It is the responsibility of each faculty member, staff member, and student to provide the correct information for contact and update the appropriate campus office when contact changes are made.

Anyone who wishes to sign up for emergency notifications, or who needs to change their contact information will need to log into Portal. Once logged into Portal, the link to sign up for the Rave Immediate Notification System can be found on the resources page under the title of Emergency Notifications.
TIMELY WARNINGS

When a crime is reported to the Calvin College Campus Safety Department, local law enforcement or a Campus Security Authority, either on or off campus that in the judgement of the Director of Campus Safety or their designee represents a serious or continuing threat to faculty, staff and students, the Campus Safety Department will issue a campus-wide “Crime Alert” to serve as a timely warning and to aid in the prevention of similar crimes. The Campus Safety Director or their designee develops the content of the warning and the Director approves its dissemination. Timely warnings may be issued as soon as pertinent information is available for the following crime classifications: aggravated assault, arson, burglary, criminal homicide, dating violence, domestic violence, motor vehicle theft, robbery, sex offense, and stalking when the crime is deemed to pose an ongoing threat to the Calvin community. Crime Alerts for incidents of aggravated assault, sex offenses, dating violence, domestic violence and stalking will be considered on a case by case basis depending on when and where the incident occurred, when it was reported, and the amount of information known by the Campus Safety Department. Alerts will include information about the incident (including date, time and location), any suspect information (if known) and recommended safety advice. For confidentiality reasons victim’s names will never be disclosed in a crime alert.

Crime alerts will be issued by the Campus Safety Department using some or all of the following methods:
- Flyers
- Calvin News for employees
- Student News for students
- Campus Safety Department Website

Copies of recent crime alerts can be found on the Campus Safety Department website at (http://www.calvin.edu/offices-services/campus-safety/clery-act/alert-bulletin.html) and is accessible to all faculty, staff and students as well as the public. Information may also be placed by the Campus Safety Department on Calvin’s electronic information systems Calvin News and Student News. Campus Safety officers and designated College emergency liaisons are responsible for posting flyers in effected areas which can include campus housing (residence halls and apartments) and/or academic facilities and administrative buildings.

Anyone with information warranting a crime alert should report the circumstances to the Campus Safety Department by telephone (616)526-6752 or in person at the Campus Safety Department on the second floor of the Mail and Print Services Building at 3230 Lake Drive SE.

FACTORS FOR DETERMINING METHOD OF COMMUNICATION

Communication methods will be employed based on a number of factors that will be evaluated for each individual incident. These factors include the nature and extent of the threat, the technology available in the building or area, the time of day the incident has occurred, etc. Other communication methods besides the methods previously mentioned may include door to door notification, social networking sites, portable radios, city’s outdoor warning sirens, handheld bullhorns, and mass media.

EMERGENCY RESPONSE PLAN

Calvin College’s Emergency Response Plan can be viewed on the Campus Safety website or by accessing the following link: http://www.calvin.edu/admin/campus-safety/policies-procedures/emergency-response-plan.html. Building specific evacuation maps are posted in strategic locations in campus.
buildings and can also be found on the Calvin Campus Safety website. Emergency preparedness plans are exercised each year. These exercises may include tabletop exercises, scenario responses and fire drills. A minimum of one fire drill per semester is conducted in each residence hall. A minimum of one fire drill per academic year is conducted in the academic buildings.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition, the process provides the college an opportunity to test the operation of fire alarm system components. Recommendations for improvements can be submitted to the appropriate departments when necessary.

MISSING STUDENT POLICY

Students are notified to provide emergency information when beginning the school year through e-mail correspondence and through their student orientation. The students are given the opportunity to provide a confidential contact that the college can reach if the student is believed to be missing. The confidential contact information will be accessible only to authorized campus officials and law enforcement and will not be disclosed outside of a missing person investigation.

If a member of the Calvin Community has reason to believe that a student is missing, whether or not the student resides on campus, all possible efforts are made to locate the student to determine his or her state of health and well-being through the collaboration of the Campus Safety Department and the Residence Life and Commuter Student Life offices. If the student is an on-campus resident the Campus Safety Department will secure authorization from Residence Life officials to make a welfare entry into the student’s room. If it is an off-campus student resident, the Campus Safety Department will inform and enlist the aid of Commuter Student Life officials in addition to the law enforcement agency having jurisdiction. The student may be placed on card watch to track whether or not they have entered or left a specific building area or their residence hall.

Concurrently, college officials will endeavor to determine the student’s location and well-being through contact with friends, associates, and/or employers of the student. We will also seek to determine whether or not the student has been attending classes, labs, scheduled organizational or academic meetings, or appearing at scheduled work shifts.

If the student is located, verification of the student’s state of health and intention of returning to the campus is made. When and where appropriate, a referral will be made to the Broene Counseling Center, Residence Life/Commuter Student Life and Health Services.

If the student has not been located, notification is made to the student’s designated contact person within 24 hours of receiving the initial report to determine if they know of the location of the student. If the student is under 18 years of age, and not an emancipated individual, Calvin College is required by law to notify a custodial parent or guardian immediately.

If the student is an off-campus resident, appropriate family members or associates are encouraged to make an official missing person report to the law enforcement agency with jurisdiction. Anyone who wishes to make an official missing person report on a student is requested to notify the Campus Safety Department immediately. Upon being made aware that a student is missing, the Campus Safety Department will notify the law enforcement agency with jurisdiction within 24 hours. The Campus Safety Department will cooperate, aid, and assist the primary investigative agency in all ways prescribed by law.

All pertinent law enforcement agencies will be notified and requested to render assistance through direct
telephone contact or visit by a representative of the college. Suzanne’s Law, requiring local police to notify the National Crime Information Center (NCIC) when someone between 18 and 21 is reported missing, was signed into law by President George W. Bush in the Spring of 2003 as part of the national “Amber Alert” Bill. The Crime Control Act of 1990, section 3701 (a) states: IN GENERAL - Each Federal, State, and local law enforcement agency shall report each case of a missing child under the age of 21 (reported to such agency) to the National Crime Information Center of the Department of Justice.

The federal law is named after Suzanne Lyall, a State University of New York at Albany student who has been missing since 1998. Previously, police were only required to report missing persons under the age of 18. This law is intended to encourage police to begin an investigation immediately when college-age people disappear, instead of waiting a day, which has been a common practice (The Calvin College Campus Safety Department has always initiated such investigations promptly). Upon closure of the missing person investigation, all parties previously contacted will be advised of the status of the case.

ILLEGAL USE OF ALCOHOL AND OTHER DRUGS

Calvin College is an alcohol free campus. Possession, use or sale of alcoholic beverages is not permitted on college properties and will be addressed in accordance with College regulations. Laws regarding the possession, sale, and furnishing of alcohol are governed by the state of Michigan and enforced by the Grand Rapids Police Department. Violations of state laws or local ordinances include the illegal manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; or using a vehicle for illegal transportation of liquor. All attempts to commit any of the aforementioned would be a violation of College policy and are subject to College disciplinary actions, and/or criminal prosecution, fines and/or imprisonment. Possession of paraphernalia associated with the use, possession, manufacture, or distribution of an illegal prescription or controlled substance is also prohibited.

Calvin College is a designated “Drug Free” campus. The possession, sale, manufacture and/or distribution of any controlled substance are illegal under both state and federal laws. Such laws are strictly enforced by the Calvin College Campus Safety Department. Violations are subject to College disciplinary action, and/or criminal prosecution, fines and/or imprisonment.

POLICIES AND EXPECTATIONS FOR CALVIN STUDENTS

Calvin College Alcohol Policy

Calvin College is committed to the intellectual and personal development and Christian discipleship of all students. Alcohol misuse inhibits students' development and is negatively correlated with academic success and personal safety. The vitality of the academic community relies on each member taking personal responsibility for his or her actions regarding alcohol use and for safeguarding the well-being of others.

Calvin College welcomes and supports the decision of any student not to consume alcohol. Calvin College seeks to emphasize education about the choices, risks, and personal responsibility regarding the use of alcohol. Students are expected to make conscious choices that do not diminish Christian community or impact one’s academic pursuit and do not risk the personal safety of community members. Calvin College expects students to observe state laws regarding alcohol use, particularly those that address underage drinking, and the college holds students accountable for their choices regarding alcohol.

Students may not possess alcoholic beverages or alcohol empty containers on campus, on college property, in personal vehicles on college property, or in on-campus student living areas. Students present
in a residence hall room, in an on-campus apartment, or an off-campus setting where alcohol is present and/or being consumed may face disciplinary action for complicity with an alcohol violation.

Calvin students who are 21 or older are free to make a decision whether or not to consume alcohol. These students are expected to consume alcohol responsibly and to honor the biblical expectations of moderation. Calvin students are expected to observe scriptural instructions which caution against intoxication. Intoxication can occur when consuming alcoholic beverages and also with a variety of other intoxicants, some of which are legal and some of which are not.

Students whose drinking creates a risk of danger to the health and safety of themselves or others are subject to disciplinary action.

Students who host off campus gatherings are responsible for ensuring the safety, well-being and conduct of their guests, whether the guests are invited or uninvited. Hosts are responsible to ensure that all guests consume alcohol according to the state of Michigan provisions and according to the biblical standard of moderation. Calvin College Drug Policy

Calvin College is committed to the intellectual and personal development and Christian discipleship of all students. Substance use/misuse may inhibit students’ development and is negatively correlated with academic success and personal safety. Sale or distribution of prohibited, illegal or controlled substances or drug use not as intended undermines individual student’s academic performance and can diminish one’s experience of Christian community.

Calvin College observes and strictly enforces all local, state, and federal laws related to possession, use, sale or distribution of controlled or illegal substances.

Calvin College drug policies prohibit the unlawful use, possession, purchase, distribution, sale or manufacture of a controlled substance (including marijuana), and of designer drugs.

Calvin College has a zero tolerance policy regarding college prohibited and illegal drug use.

Students who are found responsible for violations of college drug policies are subject to automatic suspension from the college. The zero tolerance policy is communicated openly during Freshman Orientation and during mandatory student meetings.

Calvin College does not recognize medical marijuana as an exception to its drug policies. Students are expected to contact a Student Life dean to discuss possible exceptions in medical situations in advance of any marijuana use.

Calvin College drug policy prohibits the possession of drug paraphernalia, including but not limited to roach clips, bongs, hookahs, blow tubes, papers, scales or any material or apparatus containing drug residue.

Individuals who are involved in any drug-related violation may be subject to criminal action, as the college may report these individuals to the legal authorities. Students who are convicted of any criminal offense involving the possession or sale of a controlled substance risk continued eligibility to receive Financial Aid.

Students are accountable for upholding Calvin College drug policies even when traveling to states or countries in which certain drugs have been decriminalized.    **Definition:** Being in the presence of or aiding and abetting the possession, sale or use of prohibited, controlled or illegal substances.

The Drug-Free Schools and Communities Act Amendments of 1989 require that Calvin College, as a recipient of federal funds, including federally-provided student financial aid, notify its students and employees annually that the unlawful possession, use, or distribution of alcohol and illicit drugs on college property is prohibited and that campus and community drug programs are available. This Act and the provisions Calvin College has taken to conform to the Act can be found in the Calvin College Student Handbook and the Calvin College Employee Handbook.

Resources are made available to members of the Calvin community on the topics of drug and alcohol abuse. These resources can be obtained through the Student Life Office, Residence Life Office, Broene Counseling Center and Health Services. Judicial Affairs provides additional resources regarding drug abuse and alcohol use at http://www.calvin.edu/judicial/drug-info-resources.html.

Students who are caught with alcohol participate in an alcohol education module Crossroads through Judicial Affairs or they participate in a Broene sponsored group called Taking Control. Information on Drug and Alcohol Education may also be obtained through the National Clearinghouse for Alcohol and Drug Information at 1-800-729-6686.

**USE OF WEAPONS**

No weapons of any kind are allowed on campus, except as authorized by the Board of Trustees. Weapons include but are not limited to firearms, ammunition, explosives, switchblades, paint-ball guns, "Air-soft" guns, BB guns, potato launchers, bows and arrows, slingshots and similar devices. Exceptions for Campus Safety supervisors are governed by the college's Use of Force Policy. Calvin College also prohibits the use of fireworks on campus.
REPORTING A CRIME / SUSPICIOUS BEHAVIOR ON CAMPUS

College community members, students, faculty, staff and guests are encouraged to report all crimes in a timely manner. The Campus Safety Department can be contacted by telephone, emergency phones, in person and by e-mail. Potential criminal actions and other campus emergencies can be reported directly to Campus Safety by calling Campus Safety Dispatch. Upon receipt of a call, a Campus Safety officer is dispatched to the site of the complaint and makes a formal report, contacting the local police if necessary. Campus Safety promptly notifies the college community of reported crimes that are considered a potential threat to the community, allowing the community to take steps to prevent a similar occurrence. Calvin College also uses Silent Observer for those who wish to report a crime and remain anonymous. One may report a crime by calling 774-2345 or online at www.silentobserver.org.

One can also report cases of harassment or abuse of power. If you have experienced harassment or abuse of power at Calvin, or suspect that someone you know might be involved in a situation of harassment or abuse, call the I Will Report It designated message line at 616-526-IWRI (616-526-4974). Students, faculty, and staff may call this line 24 hours a day, seven days a week, 365 days a year, and leave a recorded message. The College encourages the reporting of all perceived incidents of discrimination, harassment or retaliation regardless of the offender’s identity or position.

Persons who are victims of crime and are hesitant to report them to the college are encouraged to meet with a college official (including any Safer Spaces coordinator listed on page 36) to discuss these concerns and to learn more about the options and support available in their specific situation. As a third party, the college official can file a report when a victim is unable or unwilling to report a crime.

Calvin College has specific procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking. The specific procedures are listed beginning on page 35 of this Annual Security Report.

CONFIDENTIAL REPORTING

Persons who decide not to pursue action with the criminal justice system or with Calvin College’s judicial system may want to consider making a confidential report. The Director of Campus Safety can file a report on the details of the incident without revealing a victim’s identity. The purpose of a confidential report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of others. With such information, the College can keep accurate records of the number of incidents involving students, determine whether there is a pattern of crime, and alert the campus community to potential danger. The confidential reports can be given to any Campus Security Authority. The definition of a Campus Security Authority, according to the Clery Act is as follows: “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.” Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution; however identifying information remains anonymous.

The College will take reasonable steps to investigate and to respond to the complaint. With confidential reports, the College will make attempts to address the concerns of the complainant, including concerns of retaliation. However, the request for a confidential report may limit the College’s ability to fully address a situation.

Campus professional counselors and ministry staff, when acting as such, are not considered to be campus security authorities and are not required to report crimes for inclusion into the Annual Security Report. These positions are defined as follows:

- **Pastoral Counselor** – A person who is associated with a religious order or denomination, is recognized by that religious order of denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
• **Professional Counselor** – A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

Ministry staff and professional counselors, if and when they deem it appropriate, are encouraged to inform the persons they are counseling of the procedures to report a crime on a voluntary basis to Calvin Campus Safety Department for inclusion in the annual disclosure of crime statistics.

**REPORTING CRIMES AT NONCAMPUS LOCATIONS**

Criminal activity at non-campus locations should be reported to the local police department. The close working relationship between Campus Safety and the local police allows Campus Safety to record and publish criminal activity near the campus and at locations owned by the college. Calvin College Campus Safety Department does not provide law enforcement service to off campus residences or non-campus properties owned by the College. The College does not have any non-campus student organizations.

**HELP FOR CRIME VICTIMS**

Calvin College assists victims by arranging transportation for medical attention, helping victims file police reports, and working with the county prosecutor and the Kent County Courts. Campus Safety forwards reports on behalf of the victims to the appropriate officials and agencies.

Calvin College offers free counseling through the Broene Counseling Center to students who are victims of violent crimes. Information provided by the victim will be held confidential unless the victim authorizes otherwise. Campus Safety also has contact information for a number of additional resources both on and off campus. This information is available at the Campus Safety Office or on the Campus Safety website.

**JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT, AS AMENDED BY THE VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT OF 2013**

Calvin College does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, Calvin College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a College official. In this context, Calvin College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the college community.

**A. Definitions**

There are numerous terms used by Calvin College in our policy and procedures.

**Consent:** The State of Michigan does not have a specific definition for consent, however, Calvin
College policy defines consent for sexual contact or sexual intimacy as a clear, freely given, verbalized "yes" or clearly communicated actions to every step of any sexual intimacy or sexual contact. The absence of "no" is not consent. Furthermore, a verbalized "yes" which has been coerced, does not constitute a freely given "yes". Use of force does not constitute consent. In such cases, consent has not been given, and one who continues to have sexual contact without full clear consent potentially could be charged with a serious violation of college policy and/or face criminal prosecution.

- The burden of obtaining consent will be on the party seeking to initiate sexual activity
- Silence, in and of itself, is a "no", not a "yes".
- Consent cannot be assumed from the lack of resistance or as a result of ambiguous communication.
- Consent to one form of sexual activity cannot be construed as consent to any other form of sexual activity.
- To be valid, consent must be given prior to or contemporaneously with the sexual activity.
- Consent can be withdrawn at any time as long as that withdrawal is clearly communicated by the person withdrawing it.

**Sexual Assault:** “Sexual assault” means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

**Until 2012 the Department of Education used the National Incident Based Reporting System (NIBRS) definition of rape, which is as follows:**

**Forcible Rape:** is the carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against that person’s will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes forcible rape of both males and females.

**In 2013 the Department of Education changed the definition for rape to the following:**

**Rape** is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

**Fondling** is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

**Incest** is defined as nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape** is defined a nonforcible sexual intercourse with a person who is under the statutory age of consent.

**Stalking:** The term “stalking” means:

1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

2) **Course of conduct** means two or more acts including, but not limited to:

   (i) Acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

   (ii) **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

   (iii) **Reasonable persons** means a reasonable person under similar circumstances and with similar identities to the victim.

3) For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Michigan Criminal Law section 750.411h: Stalking.**

(1) As used in this section:

   (a) “**Course of conduct**” means a pattern of conduct composed of a series of 2 or more separate noncontinuous acts evidencing a continuity of purpose.

   (b) “**Emotional distress**” means significant mental suffering or distress that may, but does not necessarily, require medical or other professional treatment or counseling.

   (c) “**Harassment**” means conduct directed toward a victim that includes, but is not limited to, repeated or continuing unconsented contact that would cause a reasonable individual to suffer emotional distress and that actually causes the victim to suffer emotional distress. Harassment does not include constitutionally protected activity or conduct that serves a legitimate purpose.

   (d) “**Stalking**” means a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel
terrorized, frightened, intimidated, threatened, harassed, or molested and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.

(e) "Unconsented contact" means any contact with another individual that is initiated or continued without that individual's consent or in disregard of that individual's expressed desire that the contact be avoided or discontinued. Unconsented contact includes, but is not limited to, any of the following:

(i) Following or appearing within the sight of that individual.

(ii) Approaching or confronting that individual in a public place or on private property.

(iii) Appearing at that individual's workplace or residence.

(iv) Entering onto or remaining on property owned, leased, or occupied by that individual.

(v) Contacting that individual by telephone.

(vi) Sending mail or electronic communications to that individual.

(vii) Placing an object on, or delivering an object to, property owned, leased, or occupied by that individual.

(f) "Victim" means an individual who is the target of a willful course of conduct involving repeated or continuing harassment.

(2) An individual who engages in stalking is guilty of a crime as follows:

(a) Except as provided in subdivision (b), a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than $1,000.00, or both.

(b) If the victim was less than 18 years of age at any time during the individual's course of conduct and the individual is 5 or more years older than the victim, a felony punishable by imprisonment for not more than 5 years or a fine of not more than $10,000.00, or both.

(3) The court may place an individual convicted of violating this section on probation for a term of not more than 5 years. If a term of probation is ordered, the court may, in addition to any other lawful condition of probation, order the defendant to do any of the following:

(a) Refrain from stalking any individual during the term of probation.

(b) Refrain from having any contact with the victim of the offense.

(c) Be evaluated to determine the need for psychiatric, psychological, or social counseling and if, determined appropriate by the court, to receive psychiatric, psychological, or social counseling at his or her own expense.
(4) In a prosecution for a violation of this section, evidence that the defendant continued to engage in a course of conduct involving repeated unconsented contact with the victim after having been requested by the victim to discontinue the same or a different form of unconsented contact, and to refrain from any further unconsented contact with the victim, gives rise to a rebuttable presumption that the continuation of the course of conduct caused the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.

(5) A criminal penalty provided for under this section may be imposed in addition to any penalty that may be imposed for any other criminal offense arising from the same conduct or for any contempt of court arising from the same conduct.

B. **Education and Prevention Programs**

Calvin College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

a. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
b. Consider environmental risk and protective factors as they occur on the individual, relationship, and institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

a. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
b. Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
c. Defines what behavior and actions constitute consent to sexual activity in the State of Michigan and/or using the definition of consent found in the Student Code of Conduct if state law does not define consent;
d. Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;

e. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

Calvin College has developed an annual educational campaign¹ consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation.

Definitions & Terms: VAWA Amendments to Clery

Programs to Prevent Dating Violence, Domestic Violence, Sexual Assault, and Stalking:
Comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels

Programs to prevent dating violence, domestic violence, sexual assault, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees.

Awareness Programs: Community-wide or audience specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.

Bystander Intervention: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking.

Bystander intervention includes:

- Recognizing situations of potential harm
- Understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking actions to intervene

Ongoing Prevention and Awareness Campaigns: Programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution.

¹ Under the 2013 Reauthorization of the Violence against Women Act, institutions must implement "primary prevention and awareness programs for all incoming students and new employees" AND "ongoing prevention and awareness campaigns for students and employees" that include a-f above under section B."
Primary Prevention Programs: Programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe direction.

Risk Reduction: Options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

Prompt, Fair, and Impartial Proceeding: A proceeding that is completed within reasonably prompt timeframes designated by an institution’s policy, including a process that allows for the extension of timeframes for good cause and with written notice to the accuser and the accused of the delay and the reason for the delay;

Conducted in a manner that:
• Is consistent with the institution’s policies and transparent to the accuser and accused;
• Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
• Provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings; and
• Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused

Advisor: Any individual who provides the accuser or accused support, guidance, or advice

Proceeding: All activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

Result: Any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution.

Unfounded Crimes: An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situations where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.

C. Procedures for Reporting a Complaint

Through its Safer Spaces Policy, Calvin College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant\(^2\) and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Calvin College will make such accommodations, if the victim requests them and if they are reasonable

available, regardless of whether the victim chooses to report the crime to the Campus Safety Department or local law enforcement. Students and employees should contact the title IX Coordinator or one of the following Safer Spaces Coordinators:

- **Title IX Coordinator**  
  Todd Hubers, Vice President of People, Strategy and Technology

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at the YWCA of Grand Rapids, Nurse Examiner Program (25 Sheldon Ave. SE, Grand Rapids, Mi. 49503 (Tel. 616-776-7273)). In Michigan, evidence may be collected even if you chose not to make a report to law enforcement³ In the State of Michigan a victim of a sexual assault is not required to provide their name in order for evidence to be collected. For a victim of sexual assault who is unsure about participating in criminal prosecution, having the sexual assault evidence collection kit completed will help keep their options open. At the Nurse Examiner Program, evidence may be kept for 15 days as the victim considers their options of reporting the assault to police. The sexual assault evidence collection kit cannot be released to the police without the victim’s signature on an authorization form.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to

³ Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not "require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both."
address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic
violence, stalking, and dating violence are encouraged to also preserve evidence by saving text
messages, instant messages, social networking pages, other communications, and keeping pictures, logs
or other copies of documents, if they have any, that would be useful to the Student Discipline Committee
investigators or police. Although Calvin College strongly encourages all members of its community to
report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a
report and victims have the right to decline involvement with the police. Calvin College will assist any
victim with notifying local police if they so desire. The Grand Rapids Police Department may also be
reached directly by calling 616-456-3400, or in person at 1 Monroe Center NW. Additional information
about the Grand Rapids Police Department may be found online at: http://grcity.us/police-
department/Pages/default.aspx

A complaint can be made by calling, writing or coming into the office to report in person and at Campus
Safety (if the victim so desires.) Calvin College will provide resources, on campus off campus or both, to
include medical, health, to persons who have been victims of sexual assault, domestic violence, dating
violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy.
The procedures set forth below are intended to afford a prompt response to charges of sexual assault,
domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with
applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation,
possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the
incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she
nevertheless should consider speaking with Campus Safety or other law enforcement to preserve
evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to Calvin College,
the below are the procedures that Calvin College will follow as well as a statement of the standard of
evidence that will be used during any judicial hearing on campus arising from such a report:

4 The Title IX Coordinator is regarded as a "Responsible Employee" under Title IX and also a "Campus Security Authority" under the
Cler Act. Statistical information less the victims identifying information will be provided to campus public safety or whomever at the
institution compiles the annual crime statistics even if the victim chooses not to alert campus public safety personally.

D. Assistance for Victims: Rights & Options

Personal Protection Orders

Any person who obtains an order of protection from Michigan or any reciprocal state (Per MCL. 600.2950) upon service, a personal protection order may also be enforced by another state, Indian tribe, or a territory of the United States) should provide a copy to the Campus Safety Department and the appropriate Safer Spaces coordinator. A complainant may then meet with Campus Safety to develop a Safety Action Plan, which is a plan for Campus Safety and the victim to reduce risk of harm while on campus or coming and going from campus. Calvin College will assess the need to implement interim or long-term protective measures to protect the complainant and if appropriate will provide a "No Trespass" directive to the accused party. Calvin College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). In Kent County, a victim is required to apply directly for these services with the 17th Circuit Court Personal Protection Orders Department (180 Ottawa NW, Suite 3500, Grand Rapids, MI 49503 (Tel. 616-632-5071)). Personal Protection Orders may be obtained through The Personal Protection Orders Department who assists victims of domestic violence and victims of stalking in obtaining personal protection orders, assists the petitioning party with processing extensions and addressing violations. They also assist restrained parties with the processing of making objections.

The PPO Office will assist in making the filing process go as smoothly as possible. Please remember that you have initiated your own lawsuit, you are representing yourself in this action. The PPO staff are not attorneys, investigators, enforcers or process servers.

Criteria for a PPO

The petitioner and respondent are in one of the following types of relationships:
1. Are a husband and wife and an action for annulment, divorce, or support (is/not) pending
2. Were husband and wife
3. Reside or resided in the same household
4. Have a child in common
5. Have or had an intimate dating relationship
6. Have some other family relationship
7. Are in a stalking situation as defined by: MCLA 750.411(h)
MCLA 750.411h states:
(1) As used in this section:
(a) "Course of conduct" means a pattern of conduct composed of a series of 2 or more separate noncontinuous acts evidencing a continuity of purpose.
(d) "Stalking" means a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested, and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed or molested.

Statutory Requirements

Personal Protection Orders are not for civil matters such as custody and neighbor disputes. (For help in neighbor conflict, contact the Dispute Resolution Center at (616) 774-0121) Petitioner must be at least 18 years old unless accompanied by someone of that age or older who will consent to be petitioner's NEXT FRIEND, preferably a parent.
Forms Available

This office makes available the proper personal protection forms, provides direction for completing and filing those forms, and offers information on local sources that deal with domestic violence. The initial paperwork (the instruction sheet, petition and affidavit) can be downloaded Courts & Law Enforcement, 17th Circuit Court, Forms, documents section.

Other Requirements

Parties filing need to present valid picture ID (includes other State driver’s license, passport or school identification)
A signed personal protection order must be served upon the respondent and a proof of that service needs to be filed in the case.

Hours

General walk-in office hours Monday-Friday from 8:00am to 5:00pm.
Client interviews from 9:00am to 2:30pm.

PPO Expiration Date

PPO’s are only in effect up to the expiration date. This date is located near the bottom right of the order in RED. IF you need to extend your order, you must come in to this office approximately three weeks before the expiration date, or call (616) 632-5071 to request the paperwork to extend. Extensions may be requested for another 6 months, 1-year, or 5-years, the Judge has the final say as to how long an extension will be granted for.

Enforcement of a PPO

If a violation occurs, do not call the PPO office -- call the police. A police report is helpful, but not required to pursue a violation of the respondent through the courts. If no arrest is made and you wish to pursue the violation, contact the PPO Office for paperwork to schedule a hearing. The petitioner will need to follow the PPO conditions as well as the respondent. Please note that only the Judge may change the conditions of or dismiss the PPO.

Change of Address

Persons who obtain Personal Protection Orders will be responsible for providing the PPO office from which they obtained the order with any updated address or phone number changes for the duration of the order.

Calvin College may also issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, College offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal College investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying
appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Calvin College does not publish the name of crime victims nor house identifiable information regarding victims in the Campus Safety Department’s Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request in person to the office of the Director of Academic Services, Tom Steenwyk, in Spoelhof Center 361F, by e-mail to steeto@calvin.edu or by telephone at 616-526-6549.

**How to be an Active Bystander**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”

4 We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help.

Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911 or 526-3333 if you are on campus. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

---

5 Bystander intervention strategies adapted from Stanford University's Office of Sexual Assault & Relationship Abuse
1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

**Risk Reduction**

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, [www.rainn.org](http://www.rainn.org))

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don’t know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cab money.
7. **Don’t allow yourself to be isolated** with someone you don’t trust or someone you don’t know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don’t leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. **Don’t accept drinks from people you don’t know or trust**. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. **Watch out for your friends, and vice versa**. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
14. **If you suspect you or a friend has been drugged, contact law enforcement immediately** (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. **If you need to get out of an uncomfortable or scary situation here are some things that you can try:**
   a. **Remember that being in this situation is not your fault**. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "Don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.

c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

### E. Adjudication of Violations

Whether or not criminal charges are filed, Calvin College or a person may file a complaint under the Safer Spaces Policy and the Student Conduct Code, alleging that a student or employee violated Calvin College’s Policy related to domestic violence, dating violence, sexual assault or stalking. A Safer Spaces investigator in conjunction with a coordinator will use the following steps to investigate and adjudicate a complaint.

When a report is received the Safer Spaces investigator in conjunction with a coordinator will:

- Take immediate steps to ensure the protection of the complainant/victim
- Immediately inform the complainant/victim of their options for addressing the issue
- Complete a fair, thorough and impartial investigation of the complaint as soon as possible (within 60 days unless extended due to extenuating circumstances)
- Be sure to provide updates to the complainant/victim of the status of the investigation on at least a weekly basis or, with more frequency when needed.
- Determine the complainant/victim’s willingness to participate in the adjudication of a case.
- Initiate the resolution process as determined in the Safer Spaces Policy
- Notify both the complainant/victim and the accused simultaneously of the resolution decision.
- Notify both the complainant/victim and the accused simultaneously of the right to appeal the decision.

Reports of all domestic violence, dating violence, sexual assault and stalking made to Campus Safety will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant choses to pursue criminal charges.

The college disciplinary process is consistent with the institution's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the

---

6 Title IX states that if an institution knows or reasonably should know of sexual harassment, to include sexual violence, the institution has a duty to investigate. Consequently, whether a complainant chooses to cooperate or not should not be the deciding factor for whether or not disciplinary charges are brought against an accused party. If an investigation determines that it is more likely than not that the institution's sexual misconduct policy was violated, then the "College" may assume the role of the complainant.
proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay. Investigators and hearing board members are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. The Safer Spaces Policy provides the following process:

**Filing a Complaint**

This Policy provides several choices for filing a complaint. Any member of the Calvin community or any visitor to the community who believes that the Safer Spaces policy has been violated is encouraged to contact the SSA or one of the Safer Spaces coordinators. It is also possible for employees to notify a supervisor, or for students to notify an administrator or faculty member. Members of the college community also may contact Campus Safety. Campus Safety will in turn notify the appropriate Safer Spaces coordinator who will in turn notify the Safer Spaces administrator (SSA) promptly, generally within twenty-four hours or less. The college’s online reporting form link [https://www.calvin.edu/about/safer-spaces/report.html](https://www.calvin.edu/about/safer-spaces/report.html) or the hotline telephone number I Will Report It designated message line at 616-526-IWRI (616-526-4974) also can serve to initiate a complaint. However, anonymous reports often limit the college’s ability to understand and respond to situations. Students are encouraged to discuss their report or situation with a trusted person who can offer support and direction.

Persons who are victims of a crime or who are experiencing trouble with another person are encouraged to meet with a Safer Spaces Coordinator to discuss any concerns or hesitations about making a report and to learn more about the options and support available in their specific situation.

In addition to reporting acts of harassment, discrimination and retaliation internally to the SSA, students, faculty, and staff are also encouraged to report any and all suspected and/or actual criminal activity (accurately and promptly), to the office of campus safety or local law enforcement authorities.

**Complaint Intake**

Following receipt of notice or a complaint, the SSA or designated coordinator will promptly assign a Calvin Safer Spaces Committee (CSSC) member to work as an advisor to the person who reported the complaint; alternatively the complainant may choose from the CSSC pool or choose a non-trained advisor from within the College community, if preferred, or proceed without an advisor. The SSA or coordinator will complete an initial assessment and make an initial determination whether a policy violation may have occurred and/or whether conflict resolution might be appropriate. If the complaint does not appear cause by the SSA or Safer Spaces coordinators with to allege a policy violation or if conflict resolution is desired by the complainant, and appears appropriate given the nature of the alleged behavior, then the complaint does not proceed to investigation.

A full investigation will be pursued if there is evidence of a serious violation, a pattern of misconduct, a perceived threat of further harm to the community or any of its members, or the complainant desires further action. Calvin College aims to complete all investigations within a 60 business day time period, which can be extended as necessary for appropriate notice to the parties.

**Amnesty for Reporting Prohibited Misconduct**

Calvin College seeks to remove any barriers to reporting by making the procedures for reporting transparent and straightforward. The college recognizes that an individual who has been drinking or using drugs at the time of an incident may be hesitant to make a report because of potential consequences for his/her own conduct. An individual who reports misconduct, either as a complainant or a third party witness, will not be subject to disciplinary action by the college for his/her own personal consumption of alcohol or drugs at or near the time of the incident, provided that the specific incident has not come to the college’s attention via normal reporting channels and/or any such violations did not and
do not place the health or safety of any other person at risk. The college may, however, initiate an educational discussion or pursue other educational remedies regarding alcohol or other drugs.

**Bystander Intervention**

Calvin College expects all community members to take reasonable and prudent actions to prevent or stop an act of misconduct. Taking action may include direct non-violent intervention, calling law enforcement, and seeking assistance from a person in authority. Community members who choose to exercise this positive moral obligation in good faith and a reasonable manner will be supported by the college and protected from retaliation.

**False Complaints**

Calvin College will seriously investigate all complaints. However, it also recognizes that false complaints are likely to cause significant damage to the person and reputation of an individual who is wrongfully accused. Individuals found to have knowingly made false complaints will be subject to disciplinary action. A complaint that is erroneous but made in good faith will not be subject to disciplinary action.

**Investigation**

The Complaint will be referred to one or more CSSC persons properly trained to do investigations. The investigation will be conducted with no pre-disposition position towards any particular finding or result. The investigation will be a fair, objective, impartial and thorough inquiry into the allegations of the Complaint, the responses and defenses raised by the respondent, and other relevant issues. Complainants and respondents, as well as other witnesses, will be respected and their suggestions and input concerning the scope and focus of the investigation will be given due regard. When appropriate or needed, the SSA may utilize outside assistance in conducting an investigation.

The SSA will notify the President and appropriate Vice-Presidents when an investigation begins and update them as needed throughout the process.

Please note: Membership of the Calvin Safer Spaces Committee (CSSC) is communicated annually to campus members, prospective students, their parents, and prospective employees. The list of CSSC members can be found at http://www.calvin.edu/about/safer-spaces/. The SSA, in consultation with the PSC, recommends faculty CSSC appointments to the President. The SSA, in consultation with the college Vice-Presidents, recommends staff CSSC appointments to the President.

Members of the CSSC are trained in all aspects of the resolution process and can serve as investigators and as members of the Calvin Hearing Panel (CHP). CSSC members, once trained, are required to attend annual refresher trainings.

**Results of Investigation**

The SSA/Coordinator will review the results of the investigation to confirm that the investigation has been fair, objective, impartial, and thorough and that College policies have been followed. The investigators will prepare a Report of Results of Investigation (RRI). The format and degree of detail of the RRI will be appropriate to the Complaint Resolution process that is likely to be, or has been, selected by the SSA. The SSA/Coordinator may direct that the RRI be expanded or otherwise changed if the Complaint Resolution Process is changed or additional investigation has been requested.

When a Hearing is selected as the Complaint Resolution Process, the RRI will be the primary evidence that is submitted at the hearing and upon which the decision will be based. Accordingly, the RRI in all cases involving formal hearing must be sufficiently detailed and thorough to support the hearing process and to provide fairness to all participants.
Complaint Resolution

Based on the results of investigation the SSA or designated coordinator, will decide on the next step(s) which may include:

- No further action or investigation
- Additional investigation
- Education, counseling or other informal remedial actions
- Referral to Conflict Resolution – see below
- Resolution Without a Hearing – see below
- Hearing – see below

Conflict Resolution

This process may be selected by the SSA/Coordinator when all parties are willing and when consistent with the nature of the issue; conflict resolution may not be used in cases of sexual assault or other violent behavior.

Resolution Without a Hearing

This process ordinarily will be based on a presentation of the results of the investigation to the respondent, acceptance of responsibility by the respondent and agreement between the SSA and the respondent on findings, sanctions and remedies. The complainant is also informed of the outcome of a resolution without a hearing. Both parties are entitled to appeal based on the process outlined in the safer spaces policy.

Hearing

If either party contests the facts gathered, then the process will move to a hearing as described below.

Hearings:

a. Calvin Hearing Panel (CHP) - The SSA/Coordinator will appoint a Chair and two additional members of the CSSC, none of whom have been previously involved with the complaint, to serve on the CHP. The SSA will consider the roles and functions of CHP members to ensure the panel has the necessary expertise to make sound judgments.

b. Written charges –charges will be made in writing by the SSA/Coordinator and will include the following:
   - A list of the policies allegedly violated
   - The RRI, which will include all relevant evidence produced in the investigation including evidence that tends to support the charges and evidence that tends to refute the charges, and will be written so as to correlate the results of investigation to each alleged policy violation

A copy of the written charges are sent to the complainant, the respondent, the appropriate VPs, and in the case of a faculty member, the department chair. In the case of a faculty member, the PSC and the President will be notified that a formal hearing is commencing.

c. Fair Hearing Rights

All parties are entitled to a fair hearing that will include the following opportunities and rights:

- To be treated with respect by college officials
- To have an advisor during the process. An advisor may accompany either party to an interview or hearing but may not otherwise address or participate in the process.
- To respond to all evidence, specifically including the opportunity to review and respond to the contents of the RRI.
- To a decision by the CHP that is based solely on evidence that is reviewed by all parties
• To request “Resolution without a Hearing” or “Conflict Resolution” at any stage during the hearing; the CHP may confer with the SSA regarding such request, the request should not be allowed to delay or distract the hearing process.

Interim Actions and Remedies

At any stage of the process the SSA/Coordinator, ordinarily in consultation with the applicable supervisory vice president(s) and/or others, may issue interim remedies.

The remedy must be reasonably designed to:
• Protect the safety and well-being of participants in the process or other persons in the College community;
• Support the Complaint and Investigation Process;
• Otherwise support the goals, objectives and best interests of the College and its policies.

The remedies may include:
• Counseling or other support services
• Altering housing, work assignments and schedules, academic assignments and/or responsibilities;
• Escorts, other security arrangements;
• Suspensions with pay of employees (staff or faculty);
• Suspension of students or student organizations.
• Regular – other actions appropriate to the circumstances

Violations of interim remedies are forbidden and such violations may result in additional charges and may subject the violator to expulsion or termination of employment or other serious sanctions.

CHP’s Recommendation, Findings and Sanctions

The CHP will conduct its deliberations in closed session and will base its recommended findings and sanctions solely on the evidence. The CHP will prepare its written Recommended Findings and Sanctions (RFS) based on the “preponderance of evidence” standard. The RFS will address each of the alleged policy violations and will list recommended sanctions. The RFS will be provided in writing to the SSA, who will determine and confirm that the hearing procedure and the RFS is consistent with and has followed College policies. Once the SSA has endorsed the RFS as following proper procedures, the SSA will distribute the RFS to the following: The complainant, the respondent, the appropriate VPs, and the President. If the respondent is a faculty member, the RFS should also be provided to the PSC.

Appeals

All requests for appeal considerations must be submitted in writing to the SSA/Coordinator.

Any party may appeal, but appeals are limited to the following:
• A procedural error or omission occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.).
• To consider new evidence, unknown or unavailable during the original hearing or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
• The imposed sanctions imposed are substantially disproportionate to the severity of the violation

A three-member panel, chosen by the SSA and constituted following the process for the first hearing panel, who were not involved in the complaint previously, will consider all appeal requests. Once an appeal is decided, the outcome is final and binding: further appeals are not permitted.

A person alleging sexual assault, domestic violence, dating violence, or stalking may also utilize the complaint and investigatory procedures set forth in the college’s policy against Sexual Harassment,
Confidentiality

Calvin College will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

Sanctions and Protective Measures

In all cases, investigations that result in a finding of more likely than not that a violation of the Safer Spaces Policy occurred will lead to the initiation of disciplinary procedures against the accused individual. College sanctions including disciplinary suspension and a letter of no-trespass for confirmed violations of the sexual misconduct policy. Disciplinary probation up to disciplinary suspension with the possibility of the issuance of a letter of no contact or a letter of no-trespass and/or mandated counseling or mentorship may be specified for instances of a confirmed violation of the policy related to domestic or dating violence. College sanctions including the issuance of a no contact rule or a no-trespass letter, mandated counseling or mentorship, personal probation, disciplinary probation up to disciplinary suspension may be specified for confirmed violations of the policy related to stalking. Calvin College may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include some or all of the following actions. College sanctions including disciplinary suspension and a letter of no-trespass for confirmed violations of the sexual misconduct policy. Disciplinary probation up to disciplinary suspension with the possibility of the issuance of a letter of no contact or a letter of no-trespass and/or mandated counseling or mentorship may be specified for instances of a confirmed violation of the policy related to domestic or dating violence. College sanctions including the issuance of a no contact rule or a no-trespass letter, mandated counseling or mentorship, personal probation, disciplinary probation up to disciplinary suspension may be specified for confirmed violations of the policy related to stalking. For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Student Conduct Code. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a College order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator’s directives and/or protective measures will constitute

7 "Hostile Environment" is the term used by Title VII in employment law as it relates to action taken against a person in retaliation of a complaint of sexual harassment or for cooperating with a sexual harassment investigation. Under Title IX, the term used is "retaliation." Institutions may choose to provide both terms for clarification although it is not required.

8 Applicable law requires that, when taking such steps to separate the complainant and the accused, the University must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.
related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Calvin College.

Calvin College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

**Sex Offender Registration**

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

In Michigan, convicted sex offenders must register with the Michigan State Police Public Sex Offender Registry. You can link to this information, which appears on Michigan State Police website, by accessing their website at [http://www.communitynotification.com/cap_main.php?office=55242/](http://www.communitynotification.com/cap_main.php?office=55242/)

**REPORTS**

**THE ANNUAL SECURITY REPORT – DISCLOSURE OF CRIME STATISTICS**

Calvin College Campus Safety Department prepares an annual report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The Annual Security Report lists statistics of crimes reported on and near campus in the past three years. The report also includes The Annual Fire Safety Report which contains fire statistics for on-campus student housing facilities as well as descriptions of fire safety systems in each housing facility and additional fire safety information. The report also lists types of crimes which may occur, suggests safety tips to help ensure one’s safety and the safety of one’s belongings, and identifies related safety programs and resources in an effort to promote a safe and secure environment.

Campus crime, arrest and referral statistics include those reported to the Campus Safety Department, the department of Judicial Affairs, Campus Security Authorities, local law enforcement agencies (Kentwood, East Grand Rapids Public Safety Department, Grand Rapids Police Department, Kent County Sheriff Department, Montcalm County Sheriff Department and the Michigan State Police), and law enforcement agencies associated with off campus programs throughout the United States and various foreign countries. Updated information is requested annually from each agency in compliance with the Clery Act.

The Annual Security Report is published each year by October 1 to meet the requirement of the Crime Awareness and Campus Security Act of 2008. The report is available to the entire campus community and a copy can be obtained by contacting the Campus Safety Office, Human Resources or the Admissions Office. An e-mail notification is sent to all enrolled students, faculty, and staff that directs
them to the annual report which is published on our website. The Annual Security and Fire Safety Report is made available to prospective students and employees through direct links found on the following web pages:

- Admissions website (http://www.calvin.edu/admissions/facts-standards/),
- Provost website (http://www.calvin.edu/admin/provost/openings/),

DAILY CLERY PUBLIC CRIME LOG AND FIRE LOG

The Campus Safety Department maintains a Daily Fire Log in combination with the Daily Clery Act Public Log. This log records all incidents reported to the Campus Safety Department. This includes all crimes, fire-related incidents and other serious incidents that occur on campus patrolled by the Campus Safety Department, as well as Grand Rapids, Kentwood and East Grand Rapids Police Departments. This includes non-campus buildings or properties on public property that are used by Calvin College.
The daily Clery Act Public Crime Log and Fire Log include the incident type, date incident is reported, date and time of occurrence, and general location of each reported incident type, as well as the disposition of the incident, if this information is known. The Campus Safety Department posts specific incidents in the daily Clery Act Public Crime Log and Fire Log online each business day. This log can be viewed at [http://www.calvin.edu/admin/campus-safety/weekly-archives.html](http://www.calvin.edu/admin/campus-safety/weekly-archives.html).

The Campus Safety Department also maintains a paper copy of the daily Clery Act Public Crime Log and Fire Log at the front desk of the Campus Safety Department office, located on the second floor of the Mail and Print Building (3230 Lake Drive SE, Grand Rapids, Mi. 49506). This log is available upon request for viewing during normal business hours and is updated one business day after an individual incident. The Campus Safety Department reserves the right to exclude reports from a log in certain circumstances as permitted by law.

The Campus Safety Department also submits the Daily Clery Act Public Crime Log and Fire Log to the college newspaper, the Chimes, to be published weekly. The Chimes can be viewed online at [www.calvin.edu/chimes](http://www.calvin.edu/chimes).

**ANNUAL FIRE SAFETY REPORT**

The Higher Education Opportunity Act (HEOA) requires two safety-related requirements from institutions that participate in federal student financial aid programs. These two requirements are:

1) **FIRE LOG**

Institutions must keep a fire log that states the nature of a fire, date, time and general location of each fire in on-campus student housing facilities. Calvin College complies with this rule by including all fire-related incidents on line daily in the Clery Act Public Crime Log. To view the most recent sixty days of information please visit the Campus Safety website: [http://www.calvin.edu/admin/campus-safety/weekly-archives.html](http://www.calvin.edu/admin/campus-safety/weekly-archives.html). Additionally, the public can also view archived weekly logs for the previous three years. A paper copy of the Clery Fire Log is maintained at the Campus Safety Department front desk, and is available for review upon request.

2) **ANNUAL FIRE SAFETY REPORT**

Institutions with on-campus student housing facilities must publish annually a fire safety report that provides information on campus fire safety practices and standards. Calvin College complies with this regulation by including all fire-related incidents at on-campus student housing facilities as part of the *Annual Security and Fire Safety Report*. Information contained in this annual fire safety report includes number and cause of fires at all on-campus student housing facilities; number of fire-related deaths; related injuries; value of fire-related property damage; information on evacuation procedures; fire safety education and training programs; fire safety systems in each student housing facility; number of regular mandatory supervised fire drills; and policies on smoking and open flames.

If a fire occurs in any building, community members should immediately notify Campus Safety by dialing the emergency number #3-3333 from any campus phone or (616) 526-3333 from any cell phone. Campus Safety will respond to the scene as well as contact the Grand Rapids Fire Department to respond. If a member of the Calvin community finds evidence of a fire that has been extinguished, and the person is not sure whether Campus Safety has already responded, that member should immediately notify Campus Safety to investigate and document the incident.

The campus fire alarm systems alert community members of potential hazards. Community members are required to heed an activated fire alarm system and evacuate a building immediately. Use the nearest available exit to evacuate the building. Gather outside at least 300 feet away from the building at
designated gathering places. Emergency Liaisons will assist with evacuations. Community members should familiarize themselves with the exits in each building.

Occupants should use the stairs to evacuate the building, avoiding the use of an elevator. If you are caught in the elevator, push the emergency phone button. The emergency phones in elevators on campus will ring to the dispatcher at the Campus Safety Department.

**Fire Protection Equipment/Systems**

All residential buildings and academic buildings are equipped with automatic fire detection and alarm systems which are monitored by the Campus Safety Department 24 hours a day, 365 days a year.

**Health and Safety Inspections**

Resident Assistants go through each room to make sure all room lights are turned off, windows closed, and all plugs are removed from the outlets while the residence halls are closed during winter break. Residents are notified beforehand of the process. In addition, Resident Assistants check for any observable safety violations or conditions which may be detrimental to the health or well-being of the community. Examples of these violations may include; unauthorized door locking, tampering with safety equipment, etc. Conditions warranting follow-up are reported to the Residence Life office and/or Physical Plant staff. The Residence Life staff communicates with the residents involved and applies sanctions when necessary. These sanctions can range from a fine, probation, to expulsion from campus housing. The Residence Life staff documents such follow-up.

**PLANS FOR FUTURE IMPROVEMENTS TO FIRE SAFETY**

Calvin College is continually looking for opportunities to improve fire safety on campus as well as to upgrade fire systems on campus. The fire systems on campus are evaluated and upgraded as needed and/or required. The following fire safety improvements are planned to be implemented over the course of the next 6 years. As deficiencies or improvements are identified, they are added to this list and prioritized.

Buildings protected with automatic sprinkler system: Indicates where an automatic sprinkler system protects areas of a building. Please note, most residence halls and apartments are not equipped with sprinkler systems.

Emergency evacuation (fire) drills: The number of supervised scheduled drills or actual events at campus residence halls, and apartments are facilitated by the Campus Safety Department in conjunction with Residence Life and the Grand Rapids Fire Department. One (1) time each year drills are administered in all academic buildings, and one time per semester drills are administered in the residence halls and apartments. The drills are conducted by the Campus Safety Department in conjunction with the Grand Rapids Fire Department to ensure the evacuation process is compliant with the Life Safety Code.

Evacuation procedures posted: When a fire alarm is activated, evacuation is mandatory. DO NOT use elevators; evacuate the building using the nearest available exit and proceed to the designated gathering spot for the building to begin an accountability and assessment process.

Estimated U.S. dollar loss related to fire incidents: The estimated total U.S. dollar loss of both contents and structure or property destroyed because of a fire incident. This does not include loss of business.

Fire-related injuries: Number of persons receiving injuries from fire-related incidents, including an injury from a natural or accidental cause who received medical treatment at a local medical facility. This includes first responders attempting to control the fire, attempting a rescue, or persons escaping from the fire scene. Persons may include students, faculty, staff, visitors, firefighters, or any other individuals.

Fire alarms monitored by Campus Safety: Fire alarms are monitored 24 hours a day, seven days a week, 3’65 days a year by the Campus Safety Department dispatch office.

Fire Safety Training Programs

There are a number of training programs offered by Environmental Health and Safety, the Campus Safety Department or other responsible persons of authority within the College or City of Grand Rapids to occupants of residence halls and apartments concerning fire prevention and preparedness. Resident Directors and Resident Assistants receive instruction on the proper use of a fire extinguisher and fire preparedness. On campus students receive information on fire procedures, fire alarms and smoke
detectors found in the *Residence Hall Living* booklet. Fire escape maps are found on the back of each residence room and apartment door. Evacuation routes are also posted in classroom/department areas.

**Fire Policies for On-Campus Student Housing Facilities**

- Candles, incense, and electric potpourri pots are prohibited. In addition to the risk of fire, these items produce aromas which are difficult to contain in one area.
- Smoking is not permitted anywhere in the residence halls.
- The use or possession of fireworks or an explosive of any kind is prohibited.
- Smoke detectors may not be removed or tampered with in any way. Students may not remove batteries. A fine will be levied for tampering with or relocating the smoke detector. The college Physical Plant staff may undertake periodic room checks to make certain that the units are operating properly.
- Floor and desk lamps are permitted but must be UL approved. The college reserves the right to remove them if they are deemed to be a fire hazard. The use of CFL bulbs is encouraged.
- By order of the City of Grand Rapids Fire Hazard Inspector, no electrical extension cord shall be fastened or run through any doorway, partition wall, floor baseboard or casting, or run across any doorway or walking area, or placed under any rug.
- Hot plates and small appliances, except for coffee pots, are prohibited in student rooms. One refrigerator is permitted per room as long as the refrigerator is not more than four feet in height.

- Tampering with fire extinguishers, fire alarms, smoke detectors, or emergency procedure signs in or around the residence hall are prohibited. Violators are subject to a $500 fine and possible suspension.

**If the fire alarm sounds:**

- Walk to the nearest exit, closing doors between you and the fire.
- Do not use elevators.
- Assist people with disabilities with getting to the closest area of rescue assistance, which is in the stairwell area, past the fire doors.
- Notify Campus Safety or Fire personnel if you suspect someone is trapped in the building.
- Gather outside the building at your designated assembly area and attempt to make certain all persons are accounted for. Stay at least 300 feet from the building.
- Remain outside until notified by the emergency personnel or Campus Safety.

**If trapped in a room:**

- Close as many doors as possible between you and the fire.
- Place cloth material (wet if possible) around or under the door to prevent smoke from entering the room.
- Be prepared to signal to someone outside at a window or by shouting at regular intervals.

**If caught in smoke:**

- Drop and crawl toward an exit.
- Hold your breath as much as possible.
- Breathe slowly through nose using a towel or shirt as a filter.
If forced to advance through flames:

- Hold your breath.
- Move quickly.
- Cover your head and hair.
- Keep your head down and your eyes closed as much as possible.

When to use a fire extinguisher:

- Only use an extinguisher to attempt to extinguish a small fire and only if you have been trained.
- An extinguisher can be used to suppress a fire that blocks your exit from the building.
- Remember PASS, the four basic steps to operating a fire extinguisher.
  - P: Pull the pin
  - A: Aim the extinguisher hose at the base of the fire
  - S: Squeeze the lever
