SETTING YOUR FIREFOX POP-UP BLOCKER TO ALLOW *.CALVIN.EDU

These instructions are for FireFox 5.x or higher

1. Open FireFox
2. If you have a Tools menu, click on Tools and choose Options. If you do not have a Tools menu, click the FireFox button at the top left and choose Options
3. Click on the Content tab
4. Click the Exceptions button to the right of Block pop-up windows (note: you do not need to disable/uncheck the pop-up blocker)
5. Enter *.calvin.edu in the Address of website field and click the Allow button. Enter waypoint.calvin.edu in the Address of website field and click the Allow button.
6. Click Close
7. Click OK
