SETTING YOUR INTERNET EXPLORER POP-UP BLOCKER TO ALLOW *.CALVIN.EDU

These instructions are for Internet Explorer 9.x

1. Open Internet Explorer
2. If you have a Tools menu, click on Tools and choose Internet Options. If you do not have a Tools menu, click the small gear-shaped button at the top right and choose Internet Options
3. Click on the Privacy tab
4. Click the Settings button under the Pop-Up Blocker heading (note: you do not need to disable/uncheck the pop-up blocker)
5. Enter the following in the Address of website to allow field: *.calvin.edu
6. Click the Add button and you should see *.calvin.edu in the Allowed Sites list
7. Click Close, click OK
