

# Words and the Work of Worship

## On the Cutting Edge of Worship Reform, Past and Present

### *An Interim course (May/June 2003) in the U.K.*

Fortunately, we are not the first generation to struggle with cultural upheavals and their influence on Christian worship. Travel with us to England and Scotland to explore worship reform and revival movements of the past and present. Focus on the use of words in worship – prayers, songs, sermons – and seek out answers to the questions that arise at moments of crisis and opportunity in the church.

*next*

- Get some perspective
- Worship at historical sites
- Meet contemporary worship leaders
- Spend four days at the Iona Community
- Travel in May -- keep your January free

Please contact Rev. Ron Rienstra or Prof. Debra Rienstra to explore this opportunity now. An official information meeting will be held in September.
