

Adobe® eLearning Solutions

Engage learners with high-impact eLearning solutions from Adobe

A Complete Solution for Engaging Learners

Engaging your audience, measuring comprehension, achieving results — you can accomplish it quickly and easily with Adobe's eLearning solutions.

By using Adobe's eLearning products, you can:

- Develop and deliver engaging self-paced training and virtual classes
- Incorporate audio, video, and interactive simulations into your presentation
- Administer formal assessments and surveys
- Measure the effectiveness of course content and analyze training results
- Customize the look and feel of the eLearning experience
- Manage virtually all facets of employee, partner, and customer training
- Make presentations available to everyone without cumbersome software downloads

Adobe Products for eLearning

Adobe Acrobat Connect Pro

Conduct real-time, virtual classes and meetings with instructors and learners in different locations, complete with multimedia presentations, software simulations, application sharing, and participant polling. There are no software downloads for learners because they need only the Adobe Flash Player, which is already installed on over 98 percent of Internet-connected computers worldwide.
