

Preferred Name (first and last): _____

photo

1. What is your intended major? What are your plans after graduation?
2. What other 200- and 300-level mathematics courses have you taken? (Include current courses.)
3. Why are you interested in taking this course?
4. How likely are you to take 344 in the spring?
no chance not very likely maybe 50-50 probably very likely for sure
5. Think back to the courses where you have learned the most (especially mathematics courses). What made these courses better than others? What sorts of things help you learn mathematics well?
6. What is the best movie you have seen or book you have read in the last year or two? (Tell me why if you like.)
7. List one interesting fact about yourself.
8. Anything else you would like me to know about you:
