

Problem Sets After Test 3

Only turn in problems that are **not** bracketed. Bracketed problems are additional problems you can look at. Round brackets indicate problems that may help you with problems that are assigned; square brackets are additional problems on material that you should know, but you are not required to write up solutions; curly brackets are truly optional and may contain extra nuggets that you will not be required to know but may be interested in.

Additional assignments will be filled in over time.

PS	Due	Source	Problems
17	Thur 12/4	FASt 4	29 sepal length 30 shoe size 31 chick weights [32] MIAA basketball 36 CIs for proportions Notes: <ul style="list-style-type: none"> • Do problem 29 without using <code>t.test()</code>. (You can, of course, check your work using <code>t.test()</code>.)
18	Tues 12/9	FASt 4	37 Jackson's request [38] study with candles? 39 women in labor force 40 Gosset's seeds Write a summary for chapter 4 (similar to the summaries in the other chapters). You may work in pairs. Summaries must be typed, but you may add in formulas and other mathematical symbols by hand if you don't know how to get your software to do them.

notation	meaning
unbracketed	assigned problem – turn these in for grading
()	helper/warm-up problem
[]	additional problems (you are responsible for content, but don't turn them in)
{}	covers optional material
