Reading Questions for "The Analysis of Biological Data", Section 12.4–12.6

[Submit your responses, by 1 am Wed., Apr. 10, using the webform below.]

1. What “mistakes” do these reading sections seek to help one avoid? Be as specific as you can be, using the terminology of the trade.

2. Identify one item (a concept, a step in an example, a statement, etc.) from this reading assignment you found difficult or confusing.
