Applied Statistics for Engineers and Scientists Devore and Farnum, 2nd Edition

Tests

Three tests are scheduled. Some or all of each test may be take home. The tentative dates are:

March 1, March 31, April 28

Exam

The final exam must be taken at one of the two following times. These are the scheduled times for the two sections. Some of the exam may be take home.

Friday, May 13, 1:30 PM
Friday, May 13, 6:30 PM

Homework

Homework assigned on Monday and Tuesday is due on Friday and discussed on Thursday. Homwork assigned on Thursday and Friday is due the following Tuesday and is discussed on Monday. Some projects will be assigned with a longer time to complete.

Evaluation

The final grade will be a weighted average of the grades on the homework, tests and exam as follows:

Tests 45%
Exam 30%
Homework 25%

Website

The class website is at www.calvin.edu/~stob/M243/. This site has copies of all class handouts, useful links, and important announcements. Wise students would do well to bookmark it and check it regularly.
