1. Percentiles
   (a) The percentile and the percentile rank

   (b) Using \texttt{pdata} and \texttt{qdata}

   (c) Important percentiles

2. Coverage intervals
   (a) Standard choices

   (b) Using \texttt{R}

3. Graphical representation of variation
   (a) The lattice paradigm

   (b) histogram

   (c) density plots

   (d) box plots
