Instructor: M. Stob
Office: NH 279
Email: stob@calvin.edu
Phone: x6-7114, 949-8170 (home, before 11 PM)
Office Hours: 9 AM (M, Th), 10:30 AM (Tu, Fr)
Texts: *Modern Mathematical Statistics with Applications* Devore and Berk
Website: [www.calvin.edu/~stob/courses/m344/S07](http://www.calvin.edu/~stob/courses/m344/S07)
Tests: March 5, April 23
Exam: Takehome, Due Wednesday, May 16, 12 PM

**Final Grade**

The final grade will be a weighted average of your grades on homework, tests, and the final exam using the following weights:

<table>
<thead>
<tr>
<th>Component</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tests</td>
<td>40%</td>
</tr>
<tr>
<td>Homework</td>
<td>30%</td>
</tr>
<tr>
<td>Exam</td>
<td>30%</td>
</tr>
</tbody>
</table>

**Homework**

Homework is generally collected on Friday. Homework assigned on Wednesday, Friday, and Monday is due on the next Friday. Each student is allowed two late assignments. Late assignments must be turned in one class period after they are due.

**Tests**

Tests will have both take-home and in-class portions.

**Final Exam**

The final exam is entirely take-home and is due at noon on Wednesday, May 16. That is the end of the exam period assigned to this course.

**Website**

The class website will be updated regularly and will contain a complete list of all homework assignments, a copy of every class handout, and important links. Check it regularly.

**See Me**

While I have office hours, I encourage you to come see me anytime that I am in my office (which is most of the day everyday). While I check email regularly and will answer it promptly, email often isn’t very useful for answering the more technical questions that might come up in homework.

**Disabilities**

Calvin will make reasonable accommodations for persons with documented disabilities. Students should notify the Coordinator of Services for Students with Disabilities located in the Student Academic Services office. Students requiring such accommodations should meet with me during the first week of class.
