Dear Joel and Family:

I thought I would write you a few lines to let you know that Charlie and I talked to three people from Skidland that come in your store to buy the suit cases. They seem like real nice people we were surprised, the 2 ladies come in the factory where I work.

We are all doing well and are doing real good for ten yrs, she will be 79 (Sept 1) she has ten bad days but I think she does O.K. Charlie of course you know he has a cancer operation on his face and throat 6 years ago and his speech is not to good, the doctor says he is as good as can be ~~at~~ expecter, he has to go to Buffalo Hospital to be checked every 2 to 3 months, he has to go again the end of this month they keep close watch on him.

Come over for a visit.

The weather is real nice the last few days,  
have had some hot weather and rain.

We don't hear much from Uncle Charlie in  
Detroit. The last we heard he was  
having trouble with his legs. and he gets real  
lonely some days.

The work around here is plentiful, if  
you want to work you can get a job. of course  
there is always some that don't want to work.

Well Nell I hope you and your family  
are all well and hope you can get some one  
to read this to you. I promised ma I would  
write you as she can't write to good anymore..

Hoping to hear from you.

Love

Your Cousin

Dear Noel and Family.

You are all you folks, hope  
you are all well.

We are all well, except my  
mother has her good days and  
bad, she was 82 years old Sept 1.

Noel I am writing to let you  
know Uncle Charlie from Detroit Mich.

Passed away Sept the 15th. He would  
of been 80 yrs old Dec the 6th.

Bernard and his wife, myself and  
husband we all 4 went to the  
funeral, he looked like he was  
sleeping, he had not been feeling  
good for some time, kept saying  
he was tired.

Marge & Joe were here the first  
part of August, he wanted to come  
along, but could not do it.

We called him up on Sunday  
and he sounded real weak.

Did not suffer too long had heart  
attack died in the hospital.

Well Noel I guess that's the  
end of the "Huntley" family.

We were very close to Uncle Charlie.

We are all very busy working  
every day.

The weather is looking like fall  
hate to think of the snow.

I suppose you are busy also.

Heard you have a nice business.

Inclosed is death card from Uncle Charlie.

Hope you can understand ~~to~~  
what I wrote you. "Good luck to you all"

Love
